

In addition, applicants elect the species denoted in the Official Action as Species 1, wherein the coating film is made of titanium or its oxide, for prosecution on the merits in the event that no generic claim is held patentable. Applicants submit that Claims 1, 5-7, 11-14 and 20 read on this species election.

In addition, please amend the above-identified application as follows:

IN THE TITLE:

(Amended): WIRING, TFT SUBSTRATE USING THE SAME AND LCD.

REMARKS

Applicants have responded to the restriction requirement, imposed in the outstanding Official Action, by electing the invention denoted in the Official Action as Invention I, constituting Claims 1-14 and 20, drawn to a product, for prosecution on the merits in this application. In view of this election, applicants further elect Species 1, involving a coated film made of titanium or its oxide, as the species be prosecuted on the merits in an event that no generic claim is finally held to be allowable. These elections have been made without traverse.

In view of the aforementioned restriction requirement election, applicants have amended the title of the present application to recognize the subject matter of the claims being prosecuted on the merits in this application.

Prompt examination followed by Notice of Allowance and passage to issue of all the

claims being examined on the merits, Claims 1-14 and 20, is respectfully solicited.

Respectfully submitted,
